Crystal left Big Law in 2007 and joined Livingston Law Firm upon the recommendation of her trusted former law school professor, C. Delos Putz (who also taught LLF's founder and managing shareholder, Renée Welze Livingston). She began as an associate and became a shareholder in 2012. She is the firm's go-to attorney to unravel complex and unusual factual and legal scenarios. With over 15 years' experience defending commercial litigation, product liability, including pharmaceutical and medical devices, premises liability and general liability matters in state and federal courts throughout California, Crystal recognizes litigation is stressful and not a usual part of her clients' everyday life. She puts 100% effort into each of her cases in hopes of resolving litigation as early and as efficiently as possible. Crystal's clients appreciate her responsiveness, candor and attention to detail. Crystal is an AV- Preeminent rated attorney by Martindale-Hubbell and has been selected by Super Lawyer multiple years as a Rising Star in Northern California. In addition to her law practice, Crystal teaches legal research and writing to law students.
